

Thank you for downloading Dialogue Quests!

Documentation: <https://indiemarc.gitbook.io/dialogue-quests/>

Youtube: <https://www.youtube.com/channel/UC0LYig0AgPT9T5IN5DCUiqQ>

Discord: <https://discord.gg/JpVwUgG>

To get started, you may do the following:

1. Look at the demo scenes in the Demo folder

2. Watch the tutorial videos on Youtube:

<https://www.youtube.com/channel/UC0LYig0AgPT9T5IN5DCUiqQ>

3. Read the doc

4. Join the discord to ask questions

Licence

All assets in this package are governed by the Unity Asset Store EULA

https://unity3d.com/legal/as_terms Summary/

Summary

You are allowed to use this package in your commercial game.

You are NOT allowed to distribute or sell the source code, individual assets and files.

You are allowed to distribute or sell the compiled executable created using these assets.

Improving the System

If you notice a missing feature, and you think that it would be really helpful for you. Please let me know about it. I really want to improve this system and make it great! And since I can't predict all the use cases, your feedback would really help me know what I should include in the future versions.

If you have any questions or suggestions send me an email:

contact@indiemarc.com

Thank you!
